END OF LIFE NOTIFICATION

EOL Notification of HALO 10BASE-T Filter Products

Dear Valued Customers,

Please accept this letter as our formal notification of End of Life (EOL) for HALO 10BASE-T filter products. This includes all parts with prefix FD or FS as well as certain FastJack products which contain the 10BASE-T Filters. A complete list of affected part numbers is attached.

This is an old, low volume, series of parts which we have tried to continue to offer as a service to our customers. Now we have a serious raw material EOL issue which will prevent us from being able to continue to offer this service.

HALO will accept last time buy (LTB) orders placed before November 14th, 2016 with shipments to be completed no later than March, 31st, 2017. Please be aware that due to this sudden raw material EOL issue we have a limited amount of parts we can produce. Orders will be accepted on a first come first serve basis and as a result, we would highly recommend that orders be placed immediately. We will do our best to support customers' requirements.

Please contact your local HALO representative or distributor if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey R. Heaton", written in a cursive style.

Jeffrey R. Heaton
Vice President
